

## SEO Article: Backgammon

Backgammon is an interesting game of chance and skill which dates back to five thousands years. This strategy game has its own charm and Douglas William Jerrold once said, “The only athletic sport I ever mastered was backgammon” which sounds absolutely true for this classic game. Known as the game of royals, it is best played with two players where each player has to play with a set of 15 men which are to be moved from their starting positions and the winner is first player to get all 15 men off the board. The board on which the game is played is divided into two halves with different colors and the game starts by throwing a dice. If you are good at devising strategies, then Backgammon is an ideal game for you because each player is expected to play great moves in order to register a win.

This ancient game of Backgammon can be played for fun or for real money but for playing with real money, you have to deposit a particular amount in the account and then only you can join other players on the table. With the advent of internet, every game is shifting its focus on this medium and Backgammon is one of the most interesting games in cyber space today. For playing the online version of Backgammon, you just have to follow few simple steps of downloading the software and registration. After registering yourself with the online service provider, you can get connected to number of players sitting online across the globe.

The rules and strategies applied in this interesting online game is almost similar to the normal Backgammon rules. While playing this game online, you have to limit your moves with time so that you maintain a steady pace all through the game. This game offers an added advantage to all the players, so if you log off or get disconnected while playing the game due to loss of connection or some other issue, you can rejoin the game within five minutes to enjoy it from the point you stopped it. But if you fail to return in five minutes, the player who is leading the game at that point of time will win the accumulated money of that game. You have an option of playing Backgammon single game, session game or a tournament if you are an avid player.

For the convenience of beginners, this game offers a free version and also provides you with various articles on how to play this exciting game. The online medium acts as a coach and guides you step by step so as to ensure your hold in the game. The best thing about playing Backgammon online is that you gain a lot of experience for playing the game with real money and moreover you get a chance to improve your moves with every single game. A number of service providers offer you a safe and secure environment to play the game of Backgammon without risking your money.
